### STATE OF NEW HAMPSHIRE

Cheshire, ss:

To the inhabitants of Alstead qualified to vote in town affairs,

You are hereby notified to meet at the Town Hall in said town on the ninth (9th) day of March, A. D. 1943 at nine o'clock in the forenoon to act on the following articles.

Art. 1. To choose the following town officers,—town clerk, town treasurer, one selectman for three years, tax collector, overseer of poor, one or more road agents, auditors, constables, library trustees, trustees of trust funds, fence viewers, sextons, cemetery committee, park commissioner, measurers of wood and surveyors of lumber, and other town officers required by law or as the voters may direct.

Art. 2. To see what sums of money the town will raise for ordinary town charges, old age assistance and for the support of the poor.

Art. 3. To see what sums of money the town will raise for highways and bridges.

Art. 4. To see what sum of money the town will raise to oil the village streets.

Art. 5. To see if the town will raise \$400 for the control of white pine blister rust and apply for state aid.

Art. 6. To see if the town will raise \$546.93 for class V roads and call for state assistance, the state to contribute \$2,187.72.

Art. 7. To see if the town will authorize the selectmen to sell real estate acquired by tax sale.

Art. 8. To see what sum of money the town will raise for the care of cemeteries.

Art. 9. To see if the town will raise \$25.00 for water rent for the town hall and watering trough.

Art. 10. To see what sum of money the town will raise for the support of the library.

Art. 11. To see if the town will raise \$30.00 for Memorial Day.

Art. 12. To see what sum of money the town will raise for care of parks and playgrounds.

Art. 13. To see if the town will authorize the selectmen to borrow money in anticipation of taxes.

Art. 14. To see if the town will raise \$1,158.34 to reduce state aid construction notes.

Art. 15. To see if the town will raise \$500.00 to reduce the Fire Engine note, so-called.

Art. 16. To see if the town will raise \$862.00 for street lights.

Art. 17. To see if the town will vote to raise and appropriate the sum of \$73.00 to the Monadnock Region Association of Scenic New Hampshire for the issuance and distribution of printed matter, newspaper and magazine advertising, calling attention to the resources and natural advantages of the town in cooperation with the other thirty-seven towns in the Monadnock Region.

Art. 18. To see what sum of money the town will raise for local Civilian Defense.

Art. 19. To see how much money the town will raise to dig and maintain water holes throughout the town for fire protection and for the support of the fire company and for the purchase of fire fighting equipment.

Art. 20. To see if the town will vote to accept a trust fund of \$100.00 to be known as the John H. Allen Fund, a trust fund of \$100.00 to be known as the Hovey-Allison Fund, a trust fund of \$10,000.00 to be known as the George and Nancy Wilder Fund, a trust fund of \$100.00 to be known as the Harlan J. Pratt Fund and a trust fund of \$200.00 to be known as the Miller Fund; to be held by the town as Cemetery Trust Funds.

Art. 21. To hear and allow accounts.

Art. 22. To transact any other business that may come before the meeting.

Given under our hand and seal this 20th day of February, A. D. 1943.

BENJ. H. BRAGG,  
BURTON G. DANA,  
ROBERT M. BRACKETT,  
Selectmen of Alstead.

A true copy of warrant—Attest:

BENJ. H. BRAGG,  
BURTON G. DANA,  
ROBERT M. BRACKETT,  
Selectmen of Alstead.

## BUDGET OF THE TOWN OF ALSTEAD

---

ESTIMATES OF REVENUE AND EXPENDITURES FOR  
 THE ENSUING YEAR FEB. 1, 1943 TO JAN. 31, 1944

**REPORT OF THE LIBRARIAN OF THE  
SHEDD-PORTER MEMORIAL LIBRARY  
For the Year Ending Jan. 31, 1943**

---

As your librarian I hereby submit my 4th annual report.

Recorded circulation is less this year due to so much activity in defense work. People are reading for information rather than pleasure. I have tried to choose books which give information of the present crisis to the best of my ability. Juvenile circulation seems to be climbing day by day, which shows that the children are becoming more and more familiar with the library and its books.

Throughout the year I have been buying units of teaching pictures of the Informative Classroom Picture Series. I have about 10 units. These are loaned to the teachers exclusively to be used in the classroom. They seem to have been much appreciated.

In November, Book Week was held at the library which was something different than we have had before. On Monday, November 16th, Miss Cleo Duncan told stories to 42 interested children from the primary and 3rd and 4th grades. Wednesday, November 18th, Miss Kay Fox reviewed Richard Halliburton's "Book of Marvels" to 70 girls and boys from the intermediate and junior high group. On Thursday, November 19th, I spoke to 65 high school students on "What Shall I Read." On Saturday evening, November 21st, Miss Susan Pierce talked about New Hampshire to 30 adults. This was followed by a reception and light refreshments. All these groups met at the library and many who had not been in previously have returned to sign a card and avail themselves of the privileges offered. The children have been especially enthusiastic. I take this opportunity to thank all who cooperated to make Book Week a success.

Story hour began January 16th and will continue until the first of April. Miss Cleo Duncan, director of Religious Education, is telling stories each Saturday from 2 until 3 o'clock to an average of 17 children.

The reading list sponsored by the Congregational Christian Conference has been well circulated and new interest has been shown this year. The library has 45 of the books on the list.

Read for education, recreation, and pleasure. Today's readers shape tomorrow's world.

## SCHOOL WARRANT

---

### THE STATE OF NEW HAMPSHIRE

To the inhabitants of the school district in the town of Alstead qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall, in said district, on the 9th day of March 1943 at 2 o'clock in the afternoon, to act upon the following subjects:

1. To choose a moderator for the coming year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the school board for the ensuing three years.
4. To choose a treasurer for the ensuing year.
5. To determine and appoint the salaries of the school board and truant officer, and fix the compensation of any other officer or agent of the district.
6. To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.
7. To choose agents, auditors, and committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alterations in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.
9. To see if the district will vote to install a stoker in one of the high school boilers and raise and appropriate for this purpose an amount not to exceed \$1,000.00.

10. To see if the district will vote to raise \$791 to pay for the insulation of Vilas building as authorized at the previous special meeting.

11. To see if the district will vote to authorize the school board to borrow money on notes for support of schools if necessary, in anticipation of expected income.

12. To transact any other business that may legally come before said meeting.

Given under our hands at said Alstead, this 11th day of February, 1943.

MARY C. BURROUGHS,  
MAYBELLE H. STILL,  
CHAUNCY J. NEWELL,  
School Board.

A true copy of warrant—Attest:

MARY C. BURROUGHS,  
MAYBELLE H. STILL,  
CHAUNCY J. NEWELL,  
School Board.

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

To the School Board and Citizens of Alstead:

I hereby submit my annual report as Superintendent of Schools:

### ORGANIZATION AND ENROLLMENT

The following teachers concluded varying periods of faithful work in the service of the Alstead schools: Miss Margaret Schnare, 11 years; Miss Gertrude Nye, 8 years; Miss Frances Pierce, 8 years; Mr. Paul Davis, 2 years; Miss Laura Eaves, 2 years. Mrs. Alice Moore, who taught the music in all schools during the year, was succeeded by Miss Harriett Robinson. Miss Robinson is a graduate of Boston University, School of Music. Mr. Paul Fenton resumed his duties as headmaster after a year with the State Department of Education as supervisor of O. S. Y. defense training classes. The following teachers were elected to fill the vacancies on the teaching staff: Miss Laura Edney, Village grades 1-2; Mrs. Laura MacLane, Vilas High School, English and French; Miss Marjorie Smith, Vilas High School, Home Economics; Mr. James Armstrong, Vilas High School, Mathematics and Science; Mrs. Alice Ball, East Alstead; Miss Vernelle Ball, Vilas High School, Commercial.

The above teachers are all well qualified by training and experience for their teaching assignments.

Miss Mildred Hutton resigned during the Christmas vacation. Mrs. Mae Dennison was appointed as substitute for the remainder of the year.

Mr. Armstrong was granted a release from his contract in February.

Instruction in the schools is being accomplished in accordance with the standards for the State. Standard

achievement tests are given each year and reports are required relative to the work completed in all grades.

Our testing program is principally diagnostic in nature. The purpose is to diagnose difficulties and weaknesses which may occur in the fundamentals. The results are used as a guide to instruction and as a basis for remedial work. In each school a program of remedial work is developed as the needs of the pupils are indicated by the results of the tests. Attention is given to individual as well as to group needs.

During the past year the schools in the supervisory union have engaged in many activities associated with the conduct of the war. The teachers, in addition to their regular duties, have directed salvage drives, promoted the sale of war savings stamps and bonds, participated in various phases of civilian defense, and have conducted rationing registrations. This added responsibility has required many extra hours of study, planning, and work. However, it has been accepted by the teachers as a patriotic duty and as an opportunity to serve the people in the communities where they are teaching.

Practically all of the schools took an active part in the salvage drive. War Savings stamps were on sale in most of the schools. A summary of reports received from all schools in the supervisory union showed that over one hundred tons of scrap were collected by the pupils and several thousand dollars worth of stamps and bonds were purchased.

Teachers and janitors have been especially economical in the use of school supplies. Although we have not as yet been out of stock on any items, it is evident that certain materials now in stock cannot be replaced or at least cannot be purchased within the limits of reasonable economy. As we approach this situation we must expect to restrict our needs to essential materials which we shall undoubtedly be able to purchase in limited quantities.

## SUMMARY OF ENROLLMENT, JANUARY 15, 1943

Vilas High School,	75
Vilas Junior High,	49
Village Primary 1-2,	21
Village Elementary 3-4,	22
Village Elementary 5-6,	25
East Alstead,	17
	—
Total,	209

Tuition pupils are enrolled as follows:

	High	Junior High	Elementary
Acworth,	19	27	3
Langdon,	14	1	3
Marlow,	9		
Stoddard,	1		
	—	—	—
Total,	43	28	6

Elementary pupils enrolled in schools outside of the district:

West Gilsum,	2
Gilsum Village,	5

Events of recent date have made us especially mindful of the safety of pupils while in the school buildings. In all of our schools the need for regular fire and air raid drills has been emphasized. Regardless of the size of building and the number of pupils enrolled, these drills should be conducted at regular intervals during the year. School buildings have been under constant surveillance for fire hazards; availability of exits; and location, supply, and condition of fire fighting equipment. However, not enough attention has been given to the safety of pupils and adults during special programs held either in the school rooms or in other public buildings. In the interest of public safety, I recommend that the same precautions now taken to assure the safety of pupils while in attendance at school be extended to school activities, programs and entertainments held in the school building or at the town hall.

The shortage of teachers which became increasingly apparent during the summer months has developed into a very serious problem. The schools in the supervisory union opened for the fall term with nineteen new teachers. This represents a forty-one percent turnover. Fortunately, all vacancies were filled by qualified permanent teachers when school began in September. The situation is further complicated in rural areas by the rationing of gasoline and tires and the difficulty of locating desirable boarding places. Because of the very limited supply, the situation next year will be even more serious. Although we cannot hope to compete with the financial inducements offered by defense industries and large districts, we are fortunate that teachers as a group are professionally minded and prefer teaching to other work. Also many teachers prefer to work in smaller towns if conditions can be made at all suitable. However, there is a limit to the sacrifices which they can be expected to make in view of the opportunities offered elsewhere.

### MUSIC

This year the music supervisor is able to visit the schools in Alstead and East Alstead one day a week. Between these visits the work is carried on by the grade teacher.

The children are introduced to music through the singing of many rote songs, by singing games and by rhythmic activities. Thus their interest is aroused and they learn to use their singing voice. Gradually attention is called to the musical aspects of the song and eventually to notation and music reading. By the time the seventh grade is reached most of the problems of music reading have been met and mastered. Victrola records give further experience in hearing difficult rhythms and in becoming familiar with famous compositions.

This year in the high school we have two periods of vocal music, one period for general chorus and one for special chorus. We also have two periods for instrumental music, one period for orchestra and one for band. The

orchestra and special chorus have performed at various school functions this year. This fall the pupils from Vilas High School entertained the Women's Club at Acworth with a musical program.

The elementary grades presented an operetta, "The Magic Christmas Bell" at Christmas time at the high school. A Christmas program was presented by the pupils at East Alstead. An operetta for the high school is being planned for this spring.

### HEALTH

A great deal is said these days about the importance of health education. The nation was shocked to find so many people below ordinary health standards when men were called into service. War time is not the time to neglect health, in fact the war is proving a powerful stimulus to the improvement of health.

A health program depends upon many things: good health habits such as adequate and proper diet, sufficient rest, and understanding the laws of hygiene; proper medical care, with regular physical examinations and periodic dental checkups; the correction of physical defects; the provision of suitable housing. All of these are the responsibility of every individual and every agency in the community. The contribution of the school in this field may be almost unlimited.

It is the right of every child to be helped to learn the fundamental rules of health. Our schools should place more emphasis on good health habits, a study of nutrition for all pupils, physical education, and the importance of regular physical examination with remedial follow up.

Health inspection showed the following defects:

206 pupils were inspected.

14 pupils showed defective vision—uncorrected.

148 pupils were in need of dental care.

24 pupils were recommended to have throat and nose examination by a physician.

22 pupils were underweight.

5 pupils were unvaccinated without proper excuse.  
 28 pupils had their teeth cared for by their own dentist.  
 4 pupils had tonsil and adenoid operations.  
 12 pupils had special eye examinations and defects corrected.

2 pupils were vaccinated during the school year.

A dental clinic was held at East Alstead October 13, 1942:

Number of pupils treated,	10
Number of pupils receiving complete care,	8
Number of pupils having teeth cleaned,	5
Number of silver fillings,	10
Number of porcelain fillings,	5
Number of extractions,	9

A dental clinic will be held at the Vilas school sometime in February.

161 pupils were given hearing tests with the Audiometer. Twelve pupils showed some hearing loss.

### VILAS HIGH SCHOOL

In order to more fully meet our obligations for the war time training of our young people, the following program changes will be made during the second half of the school year. These changes are in accordance with the recommendations of the Federal Education and War Departments:

1. A local unit of the High School Victory Corps will be organized. This is a national organization under the direction of Eddie Rickenbacker. Its purpose is to emphasize activities offering an opportunity for war time service and to focus interest on those high school subjects and activities which are important for pre-service training.

2. A program of physical fitness through physical education will be given for all juniors and seniors. This course will require one period each day with instruction based upon individual needs as shown by a thorough physical examination.

3. A semester course in Elementary Principles of Electricity will be offered as a pre-induction course for juniors and seniors. All boys of pre-induction age will be urged to take this course.

The general recommendations of the war department place emphasis on the importance of continuing the basic courses in mathematics, science, and English. These subjects are fundamental to advanced instruction in the technical phases of specialized activities and should not be supplanted by attempted specialized training offered without sufficient background. However, it is important that more boys and girls should be advised to elect elementary courses in mathematics and science.

The resignation of two teachers on the high school staff during the year created a situation which was difficult to adjust. Mrs. Mae Dennison and Mrs. Carol Metcalf were employed for the remainder of the year and the courses were reassigned on the basis of their qualifications. Mr. Fenton will teach the course in pre-induction electricity which is being substituted for the second semester of Physics. Mr. Daniel Metcalf will conduct both the boys' and the girls' work in physical education.

In cooperation with the Foods for Victory program, high school pupils were excused from school to assist farmers with the harvesting of crops. This program was conducted in accordance with plans outlined by the State Department of Education. Because of the serious shortage of farm labor, the schools will undoubtedly be called upon to render service on a greater scale during the coming Spring and Fall. This valuable service should be continued but it should be conducted with as little as possible interference with the organization of the regular school and class activities. I believe that closer cooperation of the farmers and the school on the basis of the following recommendations would result in benefit to both:

1. That farmers shall ask for the assistance of school pupils during school days only after all possible sources of adult labor have been exhausted.

2. That pupils should be excused for farm work only in cases when delay would result in serious loss.

3. That pupils excused from school should be employed on the basis of a farm day and not during school hours only. Also that pupils employed during the week should be expected to work on Saturdays of the week employed.

4. That only those pupils should be excused who are doing satisfactory school work.

5. That pupils shall not be excused promiscuously and that continued absence for farm work be justified by demonstrated farm work accomplishment.

6. The class instruction during the periods of greater farm needs be organized in such a manner as to permit absences for this purpose without making up lessons missed.

7. That the headmaster devise a plan for measuring pupil activity in terms of farm labor hours and accomplishment as a basis for justifying continued absence with credit.

A meeting of the teachers of the Walpole and Alstead high schools was held at the Vilas High School on Wednesday, December 2. This meeting was called to discuss methods and means for adapting the high school organization and teaching content to meet the present and future needs. Reports were given on the obligations of the high school in the present situation, the requirements of the new physical education program, and suggestions for adapting teaching methods and subject content during the emergency caused by the war. Other problems presented and left for further discussion later were the High School Victory Corps, the Foods for Victory Program and pre-induction instruction.

#### BUILDINGS AND EQUIPMENT

The following repairs and improvements were made at the school buildings during the year:

East Alstead School:

The activity room has been fitted up as a work room with benches, vices, etc. This work was done by the boys under the supervision of Heman Chase. The ceiling of the work room was covered with wall board. Gravel was applied to the driveway and under swing standards. Repairs were made to stop a leak in the roof. Minor repairs were made to playground apparatus.

**Alstead Village School:**

Two new teeter boards were provided. The entrance platform and steps were repaired and painted. The swing standards were painted and new ropes provided. The desk, tables, and teachers' desks were varnished.

**Vilas High School:**

Ten new side arm lecture room chairs were purchased. The side rails on basement stairway were replaced and all stair rails were painted. The following equipment was serviced:—electric clock system, vacuum pump, oil burners, and deep well equipment. Changes were made in the construction of the fire boxes to assure more economical burning of fuel. All floors were resurfaced.

**Lawton House:**

New floors were laid in the front hallway and bathroom. A new ceiling was laid in the den. Repairs were made on the roof over the den to stop leak. The front piazza and bulkhead were painted. The ceiling and walls were painted in the kitchen, pantry, and back hall.

**STATISTICAL REPORT 1941-1942**

Total registration,	217
Average membership,	203.53
Percentage of attendance,	93.55
Cases of tardiness,	194
Number of pupils not absent or tardy,	5

A comparison of the first two items on this table with those of the previous year indicate a more stable pupil membership.

I wish to acknowledge with thanks the following gifts and contributions made to the schools during the year by friends:

The \$10.00 Christmas gift for the pupils at the village school.

The contribution of popcorn and candy for the village school at Christmas.

The contributions of money and materials for the East Alstead hot lunch program.

The contribution of lumber for the use of the boys at the East Alstead School.

In conclusion, I wish to express my appreciation for the excellent cooperation and support received from the members of the school board, teachers, parents, and friends.

Respectfully submitted,  
CHARLES D. DALZELL,  
Superintendent of Schools.

## REPORT OF SCHOOL BOARD
